If a container is inaccessible to a collection truck, it is the property owner or occupant's responsibility to move the container to an accessible and approved location for service. Containers that are blocked by vehicles will not be serviced until the next assigned collection day.

Container(s) need to be on the edge of the asphalt street. **(NOT ON THE SIDEWALK OR AGAINST THE CURB).**

All recyclables should be placed inside the container with the lid closed. Use only the container(s) provided. The collection truck cannot handle other containers! You will be able to put more recyclables in the container(s) if you smash your cans and unroll your newspapers.
